

# 2014-2015 Annual Report

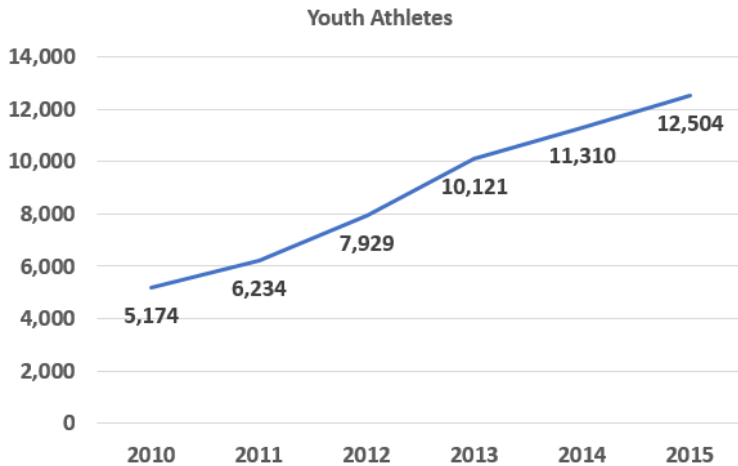

**Our Mission:** Introduce school-age youths to the shooting sports and to facilitate their continued involvement by providing, promoting, and perpetuating opportunities to safely and enjoyably participate and compete in a high-quality, team-based sport led by trained adult coaches focused on enhancing the personal growth and development of their athletes. **Our Vision:** To continue to be recognized and respected as the leader in youth development shooting sports programs.

# Scholastic Clay Target Program (SCTP)

*We provide kids from elementary grades through high school and college with the opportunity to participate in the fun and challenging sports of Trap, Skeet and Sporting Clays, as well as the Olympic disciplines of Bunker Trap, Trap Doubles and International Skeet. SCTP is the official feeder program to USA Shooting and a path to the U.S. Olympic Shooting Team.*

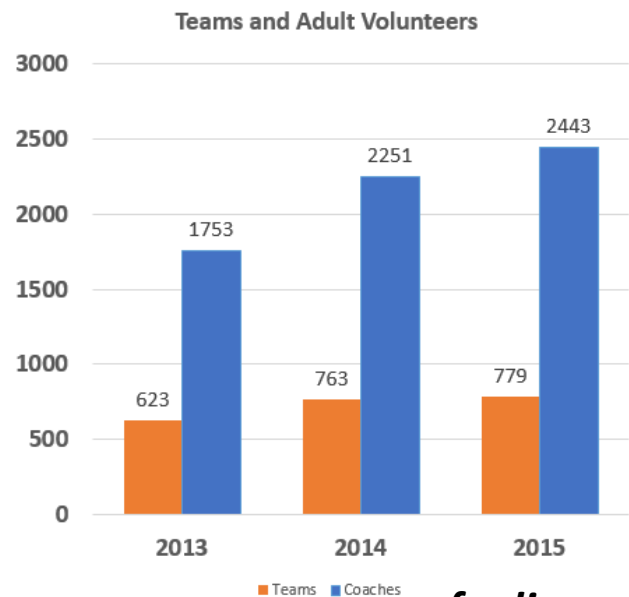

“Over the years, I have watched this program grow and become a "home" for all kinds of students. This group is made up of some of our strongest students, as well as some who have academic issues. One student, in particular, found himself in a tough situation early on in his high school career. He lacked skill, support and motivation. However, once the coaches worked with him, things changed quickly. This student is now working hard in school, and finding success, and I firmly believe it is because of the influence these coaches had on him.”
