### DIRECTOR'S LETTER

Greetings to all athletes, parents, coaches, state advisors, and supporters! On behalf of the SSSF staff and Board of Directors, I am pleased to welcome everyone to the 2018 SSSF National Championships!

Your national championship event continues to grow every year. As I write this there are over 2,700 athletes pre-registered for the championships! In the SASP we have over 1,000 entries and in the SCTP over 5,600 entries. Nationals is the culmination and celebration of the hard work put forth all season by athletes, coaches, parents, and state advisors. We thank you all for the time, effort, and resources you put into your teams throughout the year. Because of your efforts youth shooting sports in America is alive and well!

Our thanks also go out to all the sponsors, donors and industry partners we have supporting our programs and foundation. Special thanks go out to Larry and Brenda Potterfield for their continued, generous support of the SSSF and our programs. Chances are your team has benefited directly from Larry and Brenda through the MidwayUSA Foundation matching program. Please take the time to stop by and thank Larry and Brenda on Thursday afternoon at the scheduled meet and greet. Thanks also to Jack Fishburn and the staff at the Cardinal Center for their hard work in hosting this event.

In addition to all the competition shooting events we also have several special events to participate in. Opening ceremonies will be Wednesday night at the grandstands with the parade of teams and recognition of scholarship recipients and all scholastic team members. Back by popular demand is the pizza party on Thursday and ice cream social on Friday. Several side events will also be available for all to enjoy through the week, including Make-a-Break, and action shooting side matches and pro-shooter demos at the action shooting range. Coaches and parents are encouraged to participate in these side events and have some fun as well! Friday is College Recruiting Day. College representatives will be on hand to discuss education and shooting opportunities beyond high school and answer any questions you might have. You can find more details on all events further in this program and get reminders by joining our text messaging list. Simply text SSSFnationals to 844-859-5354 to sign up.

Please stop in during your downtime to see and thank all the vendors who have come to Marengo to support your National Championship event. The vendor shops at the Cardinal Center will be open and are sure to have everything you need AND everything you want! Be sure to stop into the newly expanded SCTP/SASP store to get your official event shirts and other swag.

I hope you enjoy your time at YOUR National Championships! We are glad you are here! Please be sure to share some of those special moments in your social media posts by tagging them with #SCTPNationals2018 and #SASPNationals2018.

Best of luck to all competitors – be safe and have fun!

Ben Berka

# CROSSOVER TO CONFIDENCE

## PRESENTING THE ALL-NEW GLOCK 19X

Originally developed for the military, the GLOCK 19X marries a full-size frame with a compact slide. The G19X may look different than other GLOCK pistols, but the guts are pure GLOCK engineering. With a smoother trigger pull, the GLOCK Marksman Barrel, ambidextrous slide stop levers, and a durable nFVD finish, the G19X delivers the most accurate, reliable shooting experience on the market.

## SCTP EVENTS AND AWARDS

### Main Event Squad (*Trap, Skeet & Sporting Clays*)

Team Championships/Squad Awards – Division/Category 1st – 5th  
*(total targets broken by squad will be the winning squad)*  
 Includes Squad "Open Division" awards 1st – 5th

### Individual Awards (*Trap, Skeet, Sporting Clays & HOA*)

Individual Men – Division/Category 1st – 5th  
 Individual Ladies – Division/Category 1st – 5th

### Concurrent Events (*Trap, Skeet & Sporting Clays*)

Scholastic High School Division 1st – 5th

**PLEASE NOTE:** The concurrent "High School Division Awards" (and HOA for HIGH SCHOOL Division Awards) will be determined by "TEAM SCORING" and not squad scoring this year.

*Team scoring will be comprised of the top 5 scores in the Senior Division (Varsity & JV combined) for Trap, top 3 for Skeet and top 3 for Sporting Clays.*

*This is to reflect the true High School "Team" mentality for this division.*

*MAIN EVENT awards (and HOA) will be done as usual, by squad scoring!*

## CONCURRENT EVENTS & NEW EVENTS

Will include 1st – 3rd place Squad Plaques/Medals and Individual 1st – 3rd place Boys' and Girls' divisions

### Handicap Trap

Rookie Squads shoot at 19 Yard

# JUNIOR SHOOTERS Magazine, SCTP & SASP

### Caledon Shotguns

For kids

magazine does for the junior shooters out there and hope that I can continue to help promote shooting for the future. About six months ago I got a pair of FAUSTI Caledon Over and Under (O/U) shotguns to try out: a 12-gauge and a Youth Model 20-gauge. I have since shot both many times and have really enjoyed doing so. The standard 12-gauge model features a 34 1/2" length of pull, automatic ejectors, metallic head, and a single breakable trigger. The highest quality turkeys weren't meticulously shaped, offset, and hand polished to perfection. All models are offered in a 28" or 30" barrel. The 12-gauge model weighs 7.25 pounds, while the 20-gauge weighs a modest 6.3 pounds. The Caledon performs well on sporting days courses and carries well in the field. Many classic and timeless qualities make the Caledon unique among others in the field. The Youth Caledon has a barrel length of 28" x 12-1/2" length of pull and weighs only

In the fall, I used both shotguns for hunting a variety of

harm and very steep. The birds like it where they think they are safe from hunters, which is many miles away from easy access. I used the 12-gauge and absolutely loved it! It was great for the difficult terrain. When you hike all day long and use all your energy to get to where you want to be (which is on top of the bird), you want your gun to perform flexibly. The FAUSTI passed with flying colors. Ease of assembly: The two FAUSTIs were a snap to put together and came apart easily. Both had a very right action. A right action is important if you want your gun to last a long time, which these guns will.

How it felt in my hands: The guns felt great in my hands, and I really enjoyed shooting them both. The 12-gauge fit me perfectly and shot right where I wanted it to. It was really smooth to shoot and easy to swing at a moving bird or a target. The barrel was just long enough that you wouldn't miss something

because short enough that it could be swung easily to get a fast-moving object. The weight was just what I needed. It was nice to carry around all day when you're hunting a bird. You wouldn't be too tired to make it count. The 20-gauge was also fun to shoot. It was a little short for me but made up for that disadvantage in other ways. It was lightweight and easy to shoot fast-moving birds because of this. I had a blast shooting both guns, and both felt great.

Sights: Each gun had a large brass bead at the end of its top barrel which was great. You could see birds and targets with great ease. The field of vision was enough that you could see where you were shooting and the target at the same time. I would not change the sight picture at all.

Recall: The recall was noticeable but manageable. Both light target loads and heavy game loads were fine to shoot through the gun, and with the interchangeable chokes tubes, you could adjust the pattern of the gun if you wanted to.

Safety: The guns had a safety on the top of the receiver. It was a mechanical safety so you have to turn it off every time you load the gun. This was fine for bird hunting, but what these guns are really made for, but not so much for shooting day targets. The safety was easy to get to and turn off when it was time to shoot.

These guns were great, and I would not change anything on either of them. They were awesome in every aspect, and I had a blast trying them out!

Thanks again, Junior Shooters, for allowing me to write this article for you.

#### CAPTIONS

1. FAUSTI Caledon shotguns have right actions and are available in a Youth Model (top shotgun) as well as adult sized.
2. The forearm clasp is finely engraved and operates smoothly.
3. The engraving on the left side of the receiver adds a nice touch of elegance to a very functional hunting shotgun.
4. Phillip with his dog and the Caledon 12-gauge out hunting pheasant.
5. Top view of the receiver shows the beautiful engraving and the close metal-to-metal fit.
6. The bottom of the receiver and trigger guard are exquisitely engraved.

**MEET AND LEARN FROM THE PROS****Matt Hopkins – CZ-USA**

Matt will be at the Action Pistol Berms on Wednesday at 10:00am and Thursday at 11:00am. Matt is a USPSA Grand Master, CZ-USA shooting team member, shooting a SP-01 Shadow. He is a Limited and Open ProAm Champion, won 7th at the 2014 USPSA Nationals, is a 6-time Missouri State Champion and has earned over 25 production division state titles.

**Max Michel – SIG SAUER Team Captain**

Max is the IPSC World Champions with 6 International team gold medals, a world-renowned firearms trainer and runs the Max Michel Training Academy. Max is the current Guinness World Book of Records speed shooting record holder. A former member of the Army Marksmanship Unit, Max spent ten years in the US Army. Max is the only person in history to win all of the USPSA area championships in the same season.

**Ashley Rheuark – GLOCK**

Ashley was first introduced to shooting at age 10 while out hunting with her dad. After discovering her natural skill with a rifle, Ashley attended a basic pistol class, sparking her passion for the sport of competitive shooting. Her dad purchased her first pistol, a GLOCK 19, and Ashley fell in love instantly. Rheuark has won numerous titles, including IDPA Lady World Champion and USPSA STI Ladies National Champion, and became the first female IDPA Distinguished Master.

**Lena Miculek – SIG SAUER**

Lena is regarded as the top female 3-Gun competitor in the world. Miculek entered into the competitive shooting world in 2005 with five consecutive Sportsman's Team Challenge Sub-junior and Junior Division national titles. Miculek won her first World Champion title at the age of 17 at the IPSC (International Practical Shooting Confederation) Shotgun World shoot in Hungary in 2012. With more than 60 major wins and seven world titles in five shooting disciplines, Miculek is a force to be reckoned with. In 2017, she took home the gold medal at the IPSC Rifle World Shoot in the Open Division, Lady Category. As a Pro Shooter for Team SIG, Lena focuses mainly on 3-Gun and pistol caliber carbine competitions where she dominates the leader boards.

## ADDITIONAL GUIDELINES FOR SCTP & SASP:

1. Current ATA, NSCA, NSSA, USA Shooting and SASP rules, as well as rules in this program and any match or National Director's bulletins posted on this range, govern this match.
2. All participating athletes and coaches must be registered and fully paid with the SSSF before competing. Event registrations are accepted on a first-come, first-served basis. For SCTP and SASP, all reservations will be done electronically through the team login at [www.sssfonline.org](http://www.sssfonline.org).
3. All ammunition and practice rounds are the responsibility of the participant.
4. Alcohol/illegal or individually non-prescribed drugs and firearms do not mix. Alcohol and other illegal substances are strictly forbidden by the SSSF during this event. Further, any person who is found to be in possession of, or under the influence of, alcohol or drugs while using, cleaning, maintaining, inspecting, or otherwise handling their shotgun or any other firearm at any time will be immediately disqualified from the entire event and asked to leave without refund.
5. Safe gun handling and appropriate shooting attire are required. Flip-flops and open-toed shoes are prohibited. No tank tops, mid-drift tops or shorts above mid-thigh are allowed.  
  
Reprimands will be issued based on violation and could ultimately mean disqualification from the tournament.
6. **Hat shooting is strictly prohibited during competition.** Once all competition has been completed, hat shooting may occur 1) ONLY after receiving permission from the tournament director or staff member and 2) under the supervision of a state advisor or coach. Any competitor who participates in hat shooting outside of both of these conditions will be immediately disqualified and asked to leave the competition without refund.
7. All shooters must sign the score sheet (next to the score total) before leaving the range.
8. Use of any tobacco product by anyone under the age of 18 is against Ohio State Law, and any use of tobacco product by an SCTP/SASP participant under the age of 18 is against SSSF guidelines. Participating in the use of tobacco products can be grounds for disqualification from the tournament.
9. Any athlete or adult disqualified from the tournament will not receive a refund of any tournament fees, game fees, practice fees or any other funds paid to SSSF or its agents.
10. 1st-5th place ties in the Individual Skeet & Trap events will be broken by long run back and then long run front. Sporting Clays ties will be broken by three pre-designated tie-breaker stations. SASP ties will be broken per rule book. If a tie occurs for final ranking, the In & Out stage score will be used as the tie-breaker. If that does not break the tie, the fastest single run of that stage will be used as the tie-breaker. If still needed, the second and third run will be used as the tie breaker.

## FOCUS ON FAMILY, FRIENDS AND FUN...

Finding time in your busy schedule to go break a few targets might seem like a feat of magic these days, but consider how important a couple of hours spent with your family and friends can be.

Time to focus on what's important. Teaching your kids responsible gun handling, or helping a friend break those elusive rabbit targets are all important to having a great time shooting White Flyer targets.

So take a lesson – or give some pointers. Bring your family and friends, spend the day with Pat and White Flyer Targets, you'll be glad you did!

*"Growing up, I spent many weekends and summers out in the field or at the range with my father and brothers. I have been fortunate enough to continue this tradition with my two boys. As a range owner, it is always a pleasure to see others do the same; and with the consistency of White Flyer Targets, they can do so without worrying about broken targets ruining the fun!"*

*Pat Lieske*

Pat's accomplishments include:

NSCA Hall of Fame Inductee  
15+ time NSCA All American Team Member  
8 time NSCA Team USA Member  
10 Time Michigan State Champion  
2014 NSCA National Sporting Clays Champion  
2014 NSCA National FITASC Champion

Visit [www.mishoot.com](http://www.mishoot.com) to schedule a lesson with Pat or for more information on Pat's two shooting ranges in beautiful southeast Michigan. You can also visit [www.nssf.org](http://www.nssf.org) to find a shooting range near you. It's time to start making White Flyer memories today!

## The Future Is in Your Hands.

**A400 Xcel.** Technological Precision with Human Passion.

Control. Competition shooters strive for it and the new Beretta A400 Xcel is the ultimate in control. Standard features such as Blink®, Kick-Off®, Micro-Core Recoil Pad, Steelium barrel with Optima Bore HP® technology is but the beginning. True control is found with the Beretta A400 Xcel—make your competitors tremble in fear.

### A400 Xcel Multitarget

The A400 Xcel Multitarget delivers a unique design and a full range of settings for the shooter who wants it all. Whether you plan to shoot trap, skeet, or sporting clays, this gun does it all. Even better is it offers the full adjustability found in high priced over and unders for half the cost in a reliable and light shooting semiautomatic package.

**A400 XCEL PARALLEL TARGET**

**A400 XCEL**

### A400 Xcel & Xcel Parallel Target

This technologically advanced family of competition shotguns features the innovative Blink operating system, MicroCore Recoil Pad, and the very best cold hammer forged barrels in the world featuring Optima HP chokes. The Xcel's Cold-Hammer Forged Barrels feature a wide sporting rib with a mid bead. Apart from a stunning blue receiver, what makes the A400 Xcel unique is the available Kick-off recoil reduction system and the blue Balance Cap that comes standard (with option for two additional weights). The new 20 Gauge A400 Xcel Sporting features the same proven features in a slimmed down package.

## Vision 20/20

The SSSF has launched a campaign entitled, "VISION 20/20"! The goal is to grow participation to over 20,000 student athletes annually by the year 2020. In partnership with current industry partners, civic organizations, member teams and DONORS like you, the SSSF will provide the opportunity and funding for more students to join existing shooting teams or create new teams where none exist today. By introducing more student athletes to the world of clay target and action shooting, we will also ensure the protection of the Second Amendment for generations to come! To learn more about this campaign to go [www.sssfonline.org/vision2020](http://www.sssfonline.org/vision2020) Thanks to the following 2017 campaign donors for their generous support.
