### DIRECTOR'S LETTER

From your National Executive Director:

To all the athletes, parents, coaches, state advisors, and supporters that have traveled near and far; Welcome to the 2019 SSSF National Championships! The SSSF staff, Board of Directors, and everyone involved in the 2019 SSSF National Championships are so glad you are here.

The National Championship event continues to grow every year and 2019 is no exception. In fact, three weeks before this year's event, the 2019 National Championships were already headed to the record books. At the time of this writing we have over 3,000 athletes with nearly 8,000 event entries!

To continue supporting a championship event of this magnitude, we must have a great host facility. We are pleased to announce we have signed a 10-year agreement that will keep the SSSF National Championships at the Cardinal Shooting Center through 2029. Thanks to Jack Fishburn and the staff at the Cardinal Center for their hard work in hosting this event and for their shared vision of growth and success into the future.

Our thanks also go out to all the sponsors, donors and industry partners we have supporting our programs and foundation. Special thanks go out to Larry and Brenda Potterfield for their continued, generous support of the SSSF and our programs. Chances are your team has benefited directly from Larry and Brenda through the MidwayUSA Foundation matching program. Please take the time to stop by and thank Larry and Brenda on Thursday afternoon at the scheduled meet and greet.

In addition to all the competition shooting events we also have several "special events" you and your family's can participate in. Opening ceremonies will be Wednesday night at the grandstands with the parade of teams and recognition of scholarship recipients and all scholastic team members. And again, this year, please join us at the pizza party on Thursday and ice cream social on Friday.

Several side events will also be available for all to enjoy through the week for both shotgun and action shooting. Coaches and parents are encouraged to participate in these side events and have some fun as well! Also, be sure to see the pro-shooter demos at the action shooting range.

Friday is College Recruiting Day and representatives will be on hand to discuss education and shooting opportunities beyond high school and answer any questions you might have. This is a great opportunity for you and your families to see how your hard work in youth shooting can add to your options for higher education.

You can find more details on all events in this program and get reminders by joining our text messaging list. Simply text SSSFnationals to 877-617-6454 to sign up.

Please stop in during your downtime to see and thank all the vendors who have come to Marengo to support your National Championship event. The vendor shops at the Cardinal Center will be open and are sure to have everything you need AND everything you want! Be sure to stop into the newly expanded SCTP/SASP store to get your official event shirts and other swag.

We hope you enjoy your time at YOUR 2019 National Championships! We are glad you are here! Please be sure to share some of those special moments in your social media posts by tagging them with #SCTPNationals2019 and #SASPNationals2019.

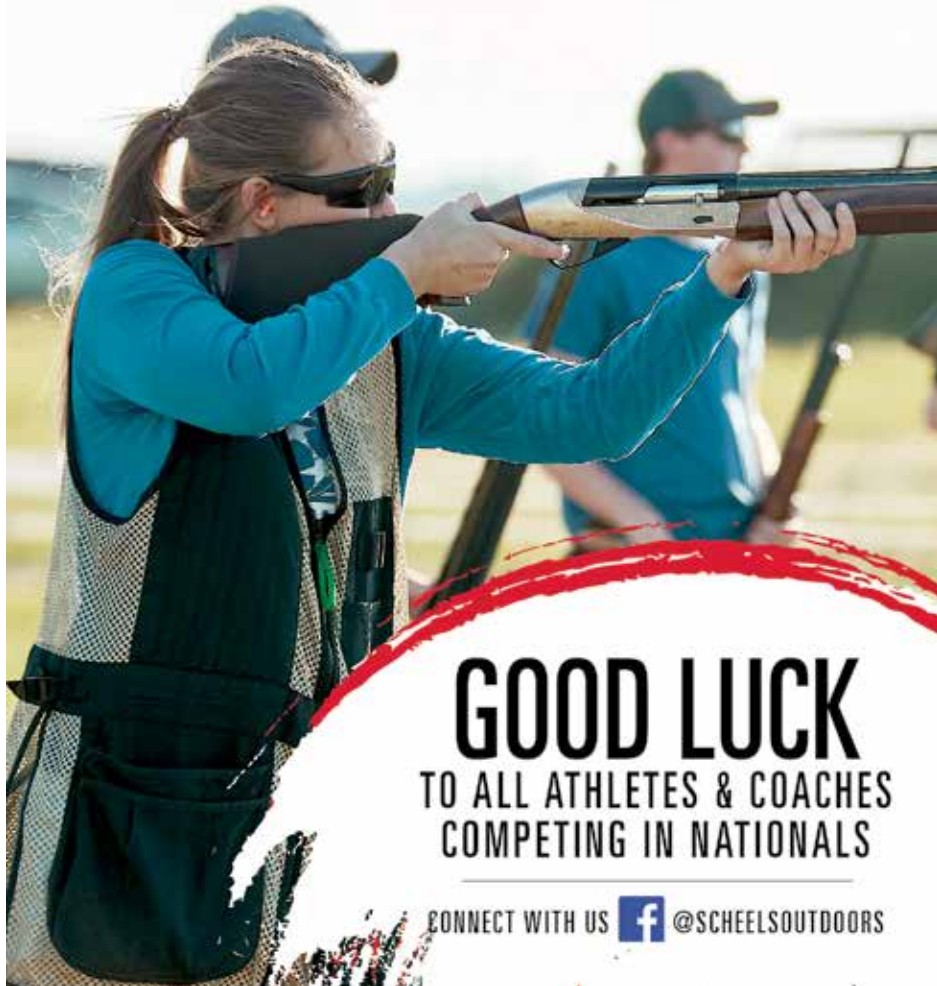

Best of luck to all competitors – be safe and have fun!

### ADDITIONAL GUIDELINES FOR SCTP & SASP:

1. Current ATA, NSCA, NSSA, USA Shooting and SASP rules, as well as rules in this program and any match or National Director's bulletins posted on this range, govern this match.
  2. All participating athletes and coaches must be registered and fully paid with the SSSF before competing. Event registrations are accepted on a first-come, first-served basis. For SCTP and SASP, all reservations will be done electronically through the team login at [www.sssfonline.org](http://www.sssfonline.org).
  3. All ammunition and practice rounds are the responsibility of the participant.
  4. Alcohol/illegal or individually non-prescribed drugs and firearms do not mix. Alcohol and other illegal substances are strictly forbidden by the SSSF during this event. Further, any person who is found to be in possession of, or under the influence of, alcohol or drugs while using, cleaning, maintaining, inspecting, or otherwise handling their shotgun or any other firearm at any time will be immediately disqualified from the entire event and asked to leave without refund.
  5. Safe gun handling and appropriate shooting attire are required. Flip-flops and open-toed shoes are prohibited. No tank tops, mid-drift tops or shorts above mid-thigh are allowed.
- Reprimands will be issued based on violation and could ultimately mean disqualification from the tournament.
6. **Hat shooting is strictly prohibited during competition.** Once all competition has been completed, hat shooting may occur 1) ONLY after receiving permission from the tournament director or staff member and 2) under the supervision of a state advisor or coach. Any competitor who participates in hat shooting outside of both of these conditions will be immediately disqualified and asked to leave the competition without refund.
  7. All shooters must sign the score sheet (next to the score total) before leaving the range.
  8. Use of any tobacco product by anyone under the age of 18 is against Ohio State Law, and any use of tobacco product by an SCTP/SASP participant under the age of 18 is against SSSF guidelines. Participating in the use of tobacco products can be grounds for disqualification from the tournament.
  9. Any athlete or adult disqualified from the tournament will not receive a refund of any tournament fees, game fees, practice fees or any other funds paid to SSSF or its agents.
  10. 1st-5th place ties in the Individual Skeet & Trap events will be broken by long run back and then long run front. Sporting Clays ties will be broken by three pre-designated tie-breaker stations. SASP ties will be broken per rule book. If a tie occurs for final ranking, the In & Out stage score will be used as the tie-breaker. If that does not break the tie, the fastest single run of that stage will be used as the tie-breaker. If still needed, the second and third run will be used as the tie breaker.
