## Notes to Financial Statements

### 1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *Nature of Organization*

Scholastic Shooting Sports Foundation Inc. (the "Foundation"), a nonprofit corporation, provides, promotes and perpetuates opportunities for school age youth to participate in clay target sports at the local, state, national and international levels.

#### *Net Asset Classification*

Net assets, support, revenues, gains and losses are classified based on the existence or absence of donor restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* - Net assets available for use in general operations and are not subject to donor restrictions.

*Net Assets With Donor Restrictions* - Net assets subject to donor restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Foundation had no net assets with donor restrictions as of August 31, 2020 and 2019.

#### *Risk of Economic Uncertainties*

The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a global pandemic, continues to spread through the United States of America and the globe. Many State Governors issued temporary Executive Orders that, among other stipulations, limited in-person work activities for most businesses and industries, unless they have been considered an essential business. As a result, the COVID-19 outbreak is disrupting and affecting the Foundation's normal activities. The extent of the ultimate impact of the pandemic on the Foundation's operational and financial performance will depend on various developments, including the duration and spread of the outbreak and its impact on funders, program recipients, employees, vendors, and other constituents, all of which cannot be reasonably predicted at this time. While management reasonably expects the COVID-19 outbreak to negatively impact the Foundation's financial position, changes in net assets, and, where applicable, the timing and amount of cash flows, the related financial consequences and duration is highly uncertain.

## Notes to Financial Statements

In May 2020, the Foundation received proceeds from borrowings in the amount of \$185,587 through the Paycheck Protection Program ("PPP"), obtained through the federal Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was enacted into law on March 28, 2020. There are certain provisions with the PPP which permit the Foundation to have this loan fully or partially forgiven based on specific stipulations within the agreement. The loan has a two year maturity and is subject to a 1% interest rate. As of August 31, 2020, the Foundation spent the loan proceeds on eligible expenses and is expected to be fully forgiven in accordance with the CARES Act. As such, the Foundation has recognized this amount spent as revenue on the statements of activities as management has determined that all conditions have been met. The Foundation accounts for the loan as a conditional contribution.

### *Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting year. Accordingly, actual results could differ from those estimates.

### *Cash and Cash Equivalents*

Cash and cash equivalents consist of demand deposits in banks and deposits in money market funds with original maturities when purchased of less than three months. The Foundation maintains cash in bank deposit accounts and balances, at times, exceed federally insured limits. Management does not believe the Foundation is exposed to any significant risk as a result of these deposits.

### *Revenue Recognition and Deferred Revenue*

The Foundation records as revenue the following types of contributions when they are received unconditionally, at their fair value: cash, promises to give, and gifts of long-lived and other assets. Conditional contributions, those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. The Foundation's grants are considered to be unconditional contributions for purposes of applying revenue recognition policies.

Program registration fees, which are nonrefundable, are considered exchange transactions. The Foundation satisfies its performance obligations for program registration fees over time as the benefits are consumed. For some events, the program fees are recognized as the event occurs. Deferred revenue is recorded for the portion of program fees received in the current year that relates to the following year.

### *Inventory*

Inventory, which consists of guns used primarily for fundraising events, is stated at the lower of cost or net realizable value with cost determined on the first-in, first-out (FIFO) method. Donated inventory is recorded at its estimated fair value.

## Notes to Financial Statements

### ***Furniture and Equipment and Depreciation***

Purchases of furniture and equipment are recorded at cost or, if donated, at fair value at the date of donation. Costs that materially add to the productive capacity or extend the life of an asset are capitalized while maintenance and repair costs are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets and range from 3 to 7 years.

### ***Change in Accounting Principles***

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers (Accounting Standards Codification Topic 606)*, in May 2014. The standard, as amended, requires revenue to be recognized when promised goods and services are transferred to customers in amounts that reflect the consideration to which the Foundation expects to be entitled in exchange for those goods or services. On September 1, 2019, the Foundation adopted the standard using the modified retrospective method. There was no impact to the timing or amount of revenue recognized as a result of this adoption.

The FASB issued ASU No. 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958)*, in June 2018. The amendments in ASU No. 2018-08 provide additional guidance for entities to use to evaluate whether transactions should be accounted for as contributions (nonreciprocal transactions) or exchange (reciprocal) transactions and to determine whether the transaction is conditional. On September 1, 2019, the Foundation adopted the standard on its contributions received using the modified prospective basis and elected to apply the standard only to agreements that were not completed as of that date. There was no impact to the timing or amount of revenue recognized as a result of this adoption. ASU No. 2018-08 will be effective for the Foundation's contributions made in fiscal 2021. Management is evaluating the impact of the adoption of this new standard related to contributions made and its effects on the financial position and results of operations of the Foundation.

### ***Functional Allocation of Expenses***

The cost of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statement of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Expenses incurred are allocated to functional classifications by the Foundation's management. Expenses directly related to each function are charged to the appropriate functional classification. Indirect expenses are allocated by the Foundation's management to the functional classification based upon space utilized or salaries, whichever is more appropriate.

## Notes to Financial Statements

### *Income Taxes*

The Foundation is a not-for-profit organization exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and is exempt from similar state and local taxes. Although the Foundation was granted an income tax exemption by the Internal Revenue Service, such exemption does not apply to “unrelated business taxable income.” The Foundation has been classified as not a private foundation.

The Foundation analyzes its income tax filing positions in the federal and state jurisdictions where it is required to file income tax returns, for all open tax years in these jurisdictions, to identify potential uncertain tax positions.

The Foundation has evaluated its income tax filing positions for fiscal years 2017 through 2020, the years which remain subject to examination as of August 31, 2020. The Foundation concluded that there are no significant uncertain tax positions requiring recognition in the Foundation’s financial statements. The Foundation does not expect the total amount of unrecognized tax benefits (“UTB”) (e.g. tax deductions, exclusions, or credits claimed or expected to be claimed) to significantly change in the next twelve months. The Foundation does not have any amounts accrued for interest and penalties related to UTBs at August 31, 2020 or 2019, and is not aware of any claims for such amounts by federal or state income tax authorities.

### *Subsequent Events*

In preparing these financial statements, the Foundation has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to August 31, 2020, the most recent statement of financial position presented herein, through January 18, 2021, the date these financial statements were available to be issued. No significant such events or transactions were identified.

## 2. LIQUIDITY AND AVAILABILITY

### 5. PUBLIC FOUNDATION

In 2013, the Foundation established a fund with MidwayUSA Foundation, Inc. (“MUF”) to support participation of school age youth in clay target sporting events at the local, state, national and international levels. These assets can be used at MUF’s discretion and therefore, the assets of this fund are not included with those of the Foundation. Available distributions (according to MUF spending guidelines) are made based on a percentage of market value and may also be made to the Foundation upon request to be used for the aforementioned, stated purpose.
