PRESIDENT'S LETTER

Welcome to your 2025 Scholastic Shooting Sports Foundation (SSSF) National Championships! The SSSF Board of Directors, our staff and all our volunteers are excited to be back at the Cardinal Shooting Center for another record setting year. At the time our program went to press, over 4,000 registered athletes are competing in over 13,000 individual entries. Our youth development program could not continue to grow like it has without our great athletes, parents and volunteer coaches. We could not do this without all of you. Thank you.

A huge thank you goes out to all our sponsors, donors, and industry partners for all of their support of our programs and the Foundation. The SCTP and SASP programs and this great championship would not exist without their contributions. Please take some time to stop and thank our on-site sponsors and partners for all of their support. Vendors' Row is full again this year with many shopping options. We invite you to stop at the SCTP/SASP store at B11/B12 and pick up official event shirts and other great items.

In addition to all the competition events throughout the week, we also have many special events. The opening ceremony will be Wednesday evening at the grandstand with a parade of teams, recognition of the All-State athletes, and special guests including Larry and Brenda Potterfield. Please take the time to join us for the opening ceremony.

There will be a lot happening throughout the National Championships. A great way to stay informed about news and other opportunities during our event is join our text messaging list. Simply text SSSFNATIONALS to 877-617-6454 to sign up. I hope you enjoy your time at YOUR National Championships! For both new and old teams alike, please ask our staff if you have any questions. We are here to make sure your Nationals experience is an unforgettable one.

Be sure to share some of the special moments in your social posts by tagging them with #SCTPNationals2025 and #SASPNationals2025.

Again, thank you for choosing to spend part of your summer with us here at the Cardinal Center in Ohio! The Cardinal Center staff has been preparing for our arrival for months. We appreciate your participation in our programs!

Best of luck to all the competitors – Be safe and have fun!

There is a lot of talk about the importance of the "right" to life, liberty, and the pursuit of happiness. But what does that mean? The right to life is the right to live without being killed or allowed to die. The right to liberty is the right to live without being controlled by others. The right to the pursuit of happiness is the right to live without being forced to live a certain way. These rights are not absolute. They are subject to the rights of others. For example, the right to life is not absolute. It is subject to the right of others to live. If someone else's right to life is violated, then the right to life of the first person is also violated. The same is true for the other rights. The rights of others are always subject to the rights of the first person. This is the basic principle of the law of nature. It is the principle that all men are created equal and that they have the same rights. This principle is the foundation of the American Revolution. It is the principle that all men are created equal and that they have the same rights. This principle is the foundation of the American Revolution. NATIONAL TEAM CHAMPIONSHIP

CHAMPIONSHIP FORMAT

To highlight the relationship between the coach and the players and amongst the players themselves, here is how a Coach and Players Team work together in a Best-of-Three game *Make-A-Break* match:

1. The two Team Coaches in a match come to the *Make-A-Break* stages with their 5 players
2. The referee flips a coin and selects a coach, who then calls the flip. If the coach wins, she/he has the choice of putting up their first 2 players, OR making the other coach put up their first 2 players. This determines which stage a team shoots from (left or right) and which team starts the game - left side always shoots first
3. In the first half of each game and prior to commencing, each Team Coach chooses a player to shoot even numbered targets and the other to shoot odd numbered targets. In the second half the coach chooses the target numbers for each player as well:
 - a. There are 10 pairs of targets in a round, with 6 pairs in the first half and 4 pairs in the second half
 - b. Each team player must shoot at 3 pairs in the first half and 2 pairs in the second half of each round
 - c. Team players shoot their pairs alternately with each other
 - d. Coaches are responsible for getting their players on and off the stage and in the correct position
 - e. Each coach is responsible for watching the scoreboard and understanding the game and the number of points needed to win
4. The teams swap stages and now each coach selects 2 different players from the remaining 3 and shoots Game Two in the same format as Game One
5. If the teams are tied at the end of Game Two, they now go to Game Three
6. Each coach now has to put up the fifth team player who hasn't shot plus one of the four who already have
7. The teams swap stages again for Game Three
8. This game will follow the same format as the first two games

1. Current ATA, NSCA, NSSA, USA Shooting and SASP rules, as well as rules in this program and any match or National Director's bulletins posted on this range, govern this match.
 2. All participating athletes and coaches must be registered and fully paid with the SSSF before competing. Event registrations are accepted on a first-come, first-served basis. For SCTP and SASP, all reservations will be done electronically through the team login at www.sssfonline.org.
 3. All ammunition and practice rounds are the responsibility of the participant.

Further, any person who is found to be in possession of, or under the influence of, alcohol or drugs while using, cleaning, maintaining, inspecting, or otherwise handling their shotgun or any other firearm at any time will be immediately disqualified from the entire event and asked to leave without refund.
 5. Safe gun handling and appropriate shooting attire are required. Flip-flops and open-toed/ heeled shoes are prohibited. No tank tops, mid-drift or sleeveless tops or shorts above mid-thigh are allowed.
- Reprimands will be issued based on violation and could ultimately mean disqualification from the tournament.
6. **Hat Shooting is strictly prohibited during this event.** Any Competitor or coach who participates in hat shooting will be immediately disqualified and asked to leave the competition without refund.
 7. All shooters must sign the score sheet (next to the score total) before leaving the range.

 10. SASP ties will be broken per rule book. If a tie occurs for final ranking, the In & Out stage score will be used as the tie-breaker. If that does not break the tie, the fastest single run of that stage will be used as the tie-breaker. If still needed, the second and third run will be used as the tie breaker.

SSSF will again this year be having a raffle to support our Foundation's Forever Fund. SSSF has an endowment with Midway USA Foundation. If we can grow that account to \$40 million, SSSF would become self-funded through the endowment, ensuring the future of youth shooting sports forever. The Forever Fund Raffle drawing will be held in February of 2026. The tickets will sell for \$10.00 each and selling teams keep \$5.00 for each ticket they sell. Tickets will be for sale and will also be available for teams to pick up to sell. You can get them at the SASP & SCTP Nationals registration. It's a great way to raise money for your team!

TRADITION MEETS INNOVATION A NEW FRONTIER FOR THE 92 BUILT ON HERITAGE.

Introducing the new frontier for the 90 Series – the 92XI. The X-treme S flat faced trigger, performance DLC coated trigger components and a lightweight skeletonized hammer, allow for a crisp trigger pull with the option to go cocked and locked. The 92XI brings classic design with modern innovation making it a reliable choice for personal defense and competition.

 **BERETTA**

For the past three years, SASP Staff and a couple of coaches and state advisors have secretly been working with our sustaining partners sponsor Beretta, the world's oldest firearms manufacturer, to design a new competition rimfire pistol. SASP also introduced our silver level sponsor, TANDEMKROSS, to Beretta and they joined the collaboration. The new pistols are planned to be released in October, but you will get a sneak peek and be able to shoot the new pistols here at Nationals. Plans are for you to be able to preorder the stock and competition new Beretta pistols that we helped design.

Go to Pistol Range 1 (the concrete bays) and be one of the first to shoot these new Beretta pistols.
